**GD TECH**

**PROFILE  
2020**

# GENERAL INFORMATION

GD Tech in Coimbatore was established in 2007 as a company that mainly focuses on buildings and civil structures such as underpasses, box culverts, water conduit, barrages, bridges, diaphragm walls, grouting and precast elements.

# VISION AND MISSION

## 1. Our Visions

- To become the leading construction firm, while delivering projects that consistently exceed Indian standards and provide exceptional customer satisfaction.
- To continually deliver excellent value & innovative construction solutions to meet our clients' requirements.
- Using modern principles and sophisticated technologies, GD Tech envisions being the primary preference at all times, for their renowned excellence, quality, performance and reliability in all types of constructions.

## 2. Our Missions

- To become the customers' most preferred choice by attaining excellence in quality and timely completed value-added projects.
- To provide the highest level of service in the construction industry while offering superior craftsmanship to every project, we handle.
- To continually innovate, develop and adopt state-of-the-art technology in methods and materials to enhance productivity and cost effectiveness.
- To continually improve the competence of our team, and employ diverse, innovative & results-oriented personals, motivated to deliver excellence.
- To build a safety culture aimed at continually reducing the frequency severity rate towards achieving zero accidents.

## QUALITY ASSURANCE

We are one of the renowned quality- oriented organization and quality is our main aim towards which we are dedicated. We use high quality material throughout our service in every field as we are one of the renowned quality centric organization and quality is our prior aim. We procure the raw material from quality driven organization that is checked at our quality inspection unit as to provide unique quality service to our esteemed clients. We offer these services after complete planning and designing of the project. Further we ensure that the entire task done by us meets Indian quality standards.
